## ABOUT ME

Graduate in Computer Science with hands-on experience in web development (React, Tailwind, Node.js) and IT support. Experienced in building responsive web applications, managing databases, and performing technical troubleshooting. Seeking to grow as a Web Developer or Junior Software Engineer while continuously improving technical and analytical skills.

## EDUCATION

<b>Universitas Indraprasta PGRI</b>	<b>September 2020 - August 2024</b>
• Bachelor of Computer Science, Informatics Engineering (GPA 3.63/4.00)	

## EXPERIENCE

<b>Software Engineer (Intern), Yayasan Indonesia Sejahtera Amanah</b>	<b>February 2024 - July 2024</b>
• Application UI required improved responsiveness and user interaction handling.	
• Developed and refined responsive UI components and implemented user input processing logic.	
• Improved layout responsiveness across devices and reduced UI bugs during internal testing.	
<b>Full-Stack Web Developer (Personal Project), ryanannda.my.id</b>	<b>February 2025 - Present</b>
• Built a personal portfolio website using React, Tailwind CSS, and Node.js.	
• Deployed a live portfolio website to present projects and increase professional online presence.	
• Site: <a href="https://www.ryanannda.my.id">https://www.ryanannda.my.id</a> (10+ Projects Completed)	
• Github: <a href="https://github.com/ryanannda">https://github.com/ryanannda</a>	
<b>Computer IT Support (Freelance), Self-Employed</b>	<b>June 2025</b>
• Clients required reliable PC setup and troubleshooting support.	
• Assembled custom PCs, installed operating systems, drivers, and required software.	
• Successfully delivered multiple PC setups and resolved hardware/software issues for clients.	

## TRAINING & CERTIFICATIONS

<b>Data Analytics Mini Course, RevoU</b>	<b>January 2025</b>
• Introduction to Data Analyst roles and tools	
• Data cleaning and analysis	
• Data visualization using Google Sheets and Looker Studio	
<b>Frontend and UI/UX In Website Development, MySkill</b>	<b>December 2024</b>
• Built website forms using HTML, CSS, and JavaScript	
• Designed UI layouts for website pages
